

Deputy Commandant
Skill Level 5 (MSG)

The Deputy Commandant keeps the NCO Academy running. The Military Intelligence NCO Academy trains leadership and technical skills to over 1,200 CMF 35 NCOs every year in ALC and SLC. In order for the Deputy Commandant to keep the NCO Academy running smoothly, he or she must direct and supervise the staff and cadre in all logistical, administrative, and academic operations. The Deputy Commandant is responsible for the mentorship of two First Sergeants and four Chief Instructors. Keeping the NCO Academy's equipment, training facilities, barracks, and training relevant requires a vision for the future and planning.
